BIM

Exemple de vizualizatoare pentru IFC (non-comprehensiv):

Free desktop apps (installable)

- **Solibri Anywhere** (Windows) – free IFC model viewer from Solibri (registration required).
- **BIMcollab ZOOM – Viewer edition** (Windows) – free viewer variant of BIMcollab ZOOM.
- **BIMvision** (Windows) – freeware IFC viewer.
- **FZKViewer / KITModelViewer** (Windows; portable) – freeware viewer from KIT (no longer actively developed, but still available).
- **usBIM.viewer+** (Windows) – free IFC viewer (also markets some editing/extra functions).
- **Bonsai (formerly BlenderBIM) for Blender** (Win/Mac/Linux) – open-source IFC environment that can be used as a viewer (and much more).
- **Open IFC Viewer** (cross-platform) – free “no license fees” viewer positioned as local/offline.
- **DDScad viewer** – BCF, DWG, gbXML, and 3ds viewer

Free web IFC viewers (in-browser)

- **Autodesk Viewer** – free online viewer that supports many 2D/3D formats (including BIM formats).
- **bimviewer.org** – “totally free” online IFC viewer.
- **DiStellar (DiRoots)** – free web IFC viewer (IFC2x3/IFC4).
- **Flinker IFC Viewer (viewer.flinker.app)** – free, browser-based IFC viewer that claims local processing (no upload).

Free platforms / viewers with free access (often cloud + account)

- **Dalux BIM Viewer** (desktop + mobile) – marketed as a free BIM viewer with IFC support and free project invites.
- **Trimble Connect** (desktop/web/mobile) – free software / free plans exist; widely used for viewing IFC/BIM models (account typically required)
- **IFC Viewer | usBIM - ACCA software**
